

13th Conference of the European Union of Supported Employment

Transitions in Supported Employment

Do not forget to register for the **13th Conference of the European Union of Supported Employment (EUSE)**, 27 – 29 May 2019, taking place in the historic Beurs van Berlage in Amsterdam, the Netherlands.

The Conference is hosted by The Dutch Organisation of Supported Employment (NVS Support). It offers a unique opportunity to empower the transitions for inclusion and become inspired by employment experts and to network with colleagues and peers from around Europe and the world. Over 600 professionals in Supported Employment are expected to attend from 40 different countries.

The overall theme – **Transitions in Supported Employment** – aims to empower everyone to increase the possibilities for the employment market with innovative solutions and best practices.

The conference programme lines are:

- Policy making and new results
- Delivering support and quality – what works?
- Transitions: careers and Supported Employment
- A digital future for Supported Employment

In the meantime, 115 abstracts from around 25 countries in the world, reflecting the four programme lines were received. So the abstract submission was quite a success. We thank everyone for contributing! The programme is being compiled and a first impression of the provisional programme will be available on the web site at the end of January. The aim is to have the final programme complete before 15 March.

We look forward to welcoming you in May 2019!

Sikko Bakker
Chair of the EUSE2019 Conference
